

ASSEMBLIES of GOD  
WORLD MISSIONS

L. John Bueno, *Executive Director*

Randy Hurst, *Communications Director*

April 5, 2010

Rev Andrew E Casper  
South County Church  
9234 Lorton Valley Rd  
Lorton, VA 22079

Dear Pastor Casper,

I am writing on behalf of the executive director John Bueno and the World Missions Executive Committee to express our gratitude to you for your leadership in missions and for the commitment of South County Church to the cause of world evangelism.

We would have gotten this letter to you about a month ago, had it not been for the overwhelming amount of correspondence in which we have been engaged to thank churches for giving to the Haiti relief efforts, South County Church being among those. And, thank you again for the \$1,000.00 you sent for that purpose.

This letter is because your church is among those that increased in their missions giving during 2009, the year in which we experienced the greatest decrease in missions giving in Assemblies of God history. Please express our profound gratitude to your congregation for their increase in giving.

We are especially grateful to you for this increased giving because you have done so when a significant majority of churches that support AG World Missions actually gave less to missions in 2009 than they did in 2008.

We trust this information will help you commend and encourage your congregation. We will be happy to send you an attractive appreciation certificate. Please check the box and fax or mail the second page of this letter back to us. We will have a certificate made and mail it to you. You may not want to wait for the certificate to announce this standings to your congregation.

Thank you again, pastor, for your leadership in the cause of World Missions.

Until All Have Heard,

Randy Hurst  
Director of Communications
